

English Dexway Classroom Companion - Level C1 + IA

C1 British English Course

This course is designed for advanced learners of the English language in the British English variant. The course is designed around the Common European Framework of Reference for Languages (CEFR) guidelines for C1 level descriptors.

The course comprises 11 units (plus an additional revision unit) and provides components of theory, production, and free practice of the four skills of language learning: Speaking, Listening, Reading, and Writing.

Each unit focuses on a discrete function, grammar topic, lexical set, or a combination these, and are assessed at the end of each unit in speaking and writing assignments designed for the learner to produce and personalise the target language as the course progresses.

The course uses a range of multimedia; including flash animation, video, audio, virtual classes and written texts, to provide an authentic context for language learning.

* Key language functions include: introducing oneself / others, expressing abbreviations, acronyms, and personal titles, organising ideas, expressing resemblance, making suggestions, polite requests, and offers, giving speeches, expressing regrets and wishes, expressing ability, prohibition and permission, describing objects, shapes, and materials, giving advice, describing pictures / art / colour, expressing large numbers, fractions, statistics, weight, and measurement, and expressing opinion.
